

VPS Rhythm™ DLX Device

PICC placement for those who **don't like surprises**

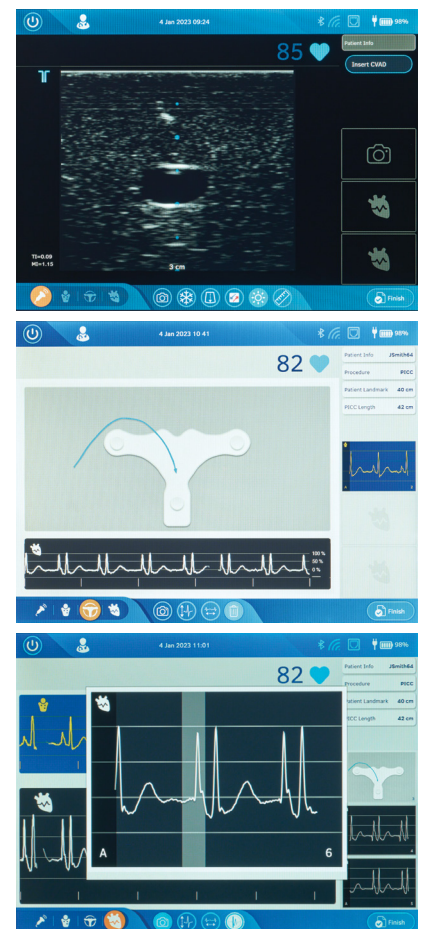

The VPS Rhythm™ DLX Device is available in 5 configurations

- ✓ Ultrasound with TipTracker™ Technology and ECG
- ✓ TipTracker™ Technology with ECG
- ✓ Ultrasound with ECG
- ✓ ECG only
- ✓ Ultrasound only

The VPS Rhythm™ DLX Device delivers precision tracking and locating with a full breadth of features that help enhance user experience, including:

- **Vascular access ultrasound** that is easy to use, intuitive to navigate, and includes a catheter-to-vessel ratio (CVR) tool²
- **Electromagnetic navigation** that facilitates visualisation of the PICC tip as it advances through the vasculature
- **Electrocardiogram (ECG) tip location technology** indicated as an alternative to a confirmatory chest x-ray¹
- **Versatile, portable, and easy to use; designed for bedside placement** of vascular access catheters²
